Work Experience

Front-End Developer Mentor | EliteWeb Campus Community | Kumasi

May 2025 – Present

- As a Frontend Mentor at EliteWeb Community, I guide and support aspiring developers in their learning journey by providing feedback on their projects, sharing best practices, and fostering a collaborative environment for skill development.

Welfare Chairman | Green Africa Youth Organization-AAMUSTED | Kumasi

Jan 2025 – Present

- Organized and managed welfare programs to support club members.
- Advocated for student needs and facilitated communication between members and leadership.
- Coordinated events, fundraisers, and assistance programs.

- Ensured the well-being of members by addressing concerns and providing necessary support.

Web Developer | CodeAlpha-Remote | India

May 2025 – August 2025

- Developed and maintained responsive user interfaces using HTML, CSS, and JavaScript.
- Implemented features like form validation, modals, dropdowns, and dynamic content rendering.
- Applied mobile-first design principles and ensured cross-browser compatibility.
- Used version control (Git & GitHub) for code collaboration and source management.

IT Support Technician | Yendi Municipal Hospital | Yendi

Sep 2024 – Dec 2024

- Managed and maintained IT infrastructure, including servers, networks, and security systems.
- Installed, configured, and updated software and hardware for optimal system performance.
- Monitored system performance and resolved technical issues to ensure uptime.
- Implemented security protocols, backups, and disaster recovery plans.
- Provided technical support and training to users.
